

# Summer Food Service Program

Presented By,  
Allison Mayer, DTR

# What is Summer Food Service Program?

- All persons in the community, 18 years of age and under or persons over age 18 who meet the State agency's definition of mentally or physically disabled, may receive free meals
  - Participants will be served all of the meal components according to the National School Lunch Program (NSLP) and School Breakfast Program (SBP)
  - No name or ID is required; meals are provided at no charge
  - Meals served are reimbursed by the Federal and State Agencies

# Fremont Unified School District's Summer Food Service Program Sites

- Requirement
  - Documentation indicating that the site is a school that has at least 50 percent of children enrolled in the school approved for free or reduced price meals
- Sites: Cabrillo Elementary School & Robertson High School
  - Students attending Summer School at these locations will be offered free breakfast and lunch daily
  - Only three sites qualified for the program based on the free/reduced percentages
  - The third approved site will be closed for construction this summer
- Breakfast and Lunch offered Monday-Thursday, June 20, 2016- July 29, 2016.

## How Will It Work?

- Students attending summer school will be offered breakfast in the cafeteria 30 minutes before the start of school
- Once school has begun, the food cart will be moved out to the front of the school to service the community
- Lunch will be offered to the students in the cafeteria first, then the cart will be moved out to the front of the school to service the community
- Times to be determined, based on Summer School Schedule
- The same food selection will be offered to the students and the community
- Both hot and cold entrees will be offered daily, and will include fresh fruits and vegetables daily

# Work in Progress

- Media Release to Community, in partnership with the City of Fremont
- Partnership with Tri-Cities Food Bank
- Student Safety and Security because the sites will also be summer school locations.
- Designated eating areas for the community

# Next Steps

- March
  - FUSD will apply as a sponsor for the Summer Food Service Program (SFSP)
  - Application will be completed through the California Department of Education- Child Nutrition Information and Payment System website (applications are due 45 days before beginning meal service and no later than June 1)
  - Once the application is complete, a mandatory visit by a specialist will be arranged which includes an overview of the SFSP program and tests the sponsor's ability to operate efficiently before the application is approved
- April
  - Summer School schedules, menus and operational specifics will be finalized
  - Staff will be assigned for the Summer Food Service Program
- May
  - Notification to FUSD families of the Summer Food Service Program via newsletters, FUSD Facebook & Twitter and flyers posted in the cafeterias
